

THE SCRIPTWRECKED PRO CHECK

The Last Train — sample report excerpt (3 items shown)

TEST REPORT | 1/1/1970

Score: 90/100 | 5 strikes | 52 assessed checks

Each failed checklist item counts once. Up to 10 representative examples appear per check. This is a diagnostic sample, not an exhaustive correction list or a proofreading service. Not-applicable and unassessed checks are excluded from the score. This measures adherence to Trevor Mayes's checklist, not artistic merit.
